

Chateau Meddybemps®

Meddybemps Miniature Village™ Dentist

To assemble:

- Cut the building from this sheet with scissors. Cut slits carefully with hobby knife.
- Fold and gently crease tabs, corners of building, roof panels and bottom flaps.
- Slip tabs into slots. Save bottom flaps until last.
- Fold bottom flaps under in numerical order. Flap 4 is last and should tuck under Flap 1 to hold them all in place. Use glue or tape for permanent assembly.

The Office of Dr. Sparkle

I get checkups. I floss and brush.
I do not eat much candy.
My teeth are clean. My breath smells good.
And I think that's just dandy!

My teeth should last for years and years
Until I'm ninety-nine.
I think that's very good because
I like these choppers fine!
